Newcomb

The theme this year was "Newcomb Eats" (and drinks).

Whether in, out, or at Ingrid's, meals were definitely a dorm function for Newcomb residents.

Head citrus (mango) was Buzzy Rendall. Resident citrii included Lorraine Harsch (pineapple), Pat O'Bannon (grape), Karen Youngstrom, Maryanne Ma (Mom), and Tom Morgan.

Wylie

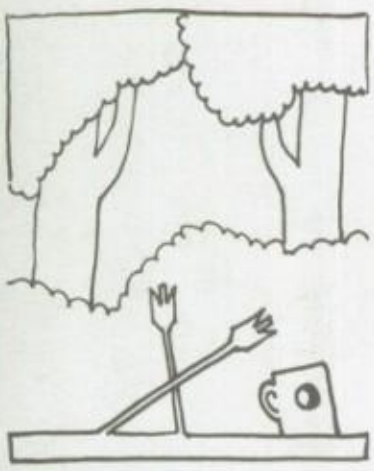
Wylie: A touch
of class.

Their Cherished
Memories: cocktail
parties, their trivia
bowl team, and their
treasured Z-Channel.

Braun

With the bottom floor no longer occupied by the swim team, Braun lost some of its noteriety this year, but gained a more friendly atmosphere.

Erdman



Proving once again that "the Dorm that eats together sleeps together," Erdman Hall was the place to be in '75-'76.

Haines, boasting the talents of Joe Rhode, Ross Thompson, & Bya Weber (H.R.) was proud to present this year:

The Wizard of Oz

1st Annual Trivia Bowl

Computer Dance

Haines

Orr Chilcott

Orr celebrated its 50th birthday this year with a garden dance, champagne party.

Orr women will especially cherish memories of late night serenades sung to them early in the year by Chilcott men.

Norris

The Norris lounge was graced by strange noises that signified a staff member near by, "Eert" (Robyn Creighton) & "Boom" (Doug Wong). Norris' motto: "Goo foor eet!"

New Dorm

After asking if they were allowed there, men finally ventured into New Dorm Spring Term.

Other accomplishments included cooking (Deborah finally learned how), cleaning (or lack of it - the dishes were always dirty), and general nerd-ity.

Stewart-Cleland

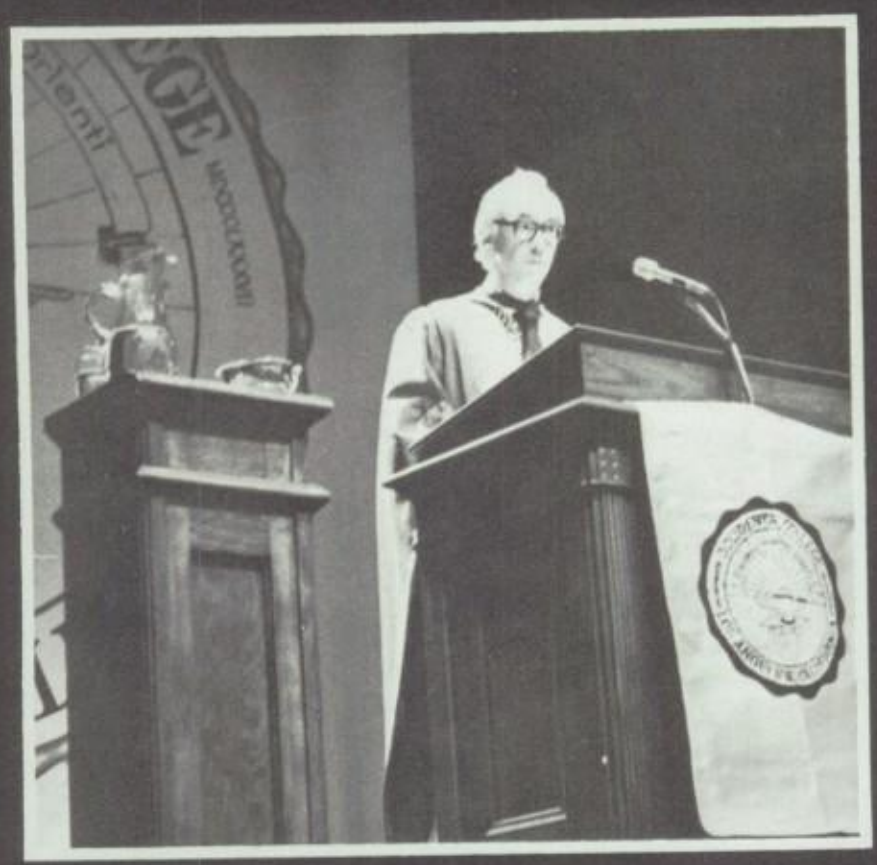
Stewie was frequented this year by characters such as: Judd Conley - "The Woman," Cousin Rob - a general A.H., Steve & Alex - The Dorm Damage Duo, Space Cadette, Mike and Psych, and the Staff.

Pauley was a Battle of the Sexes. Not only did they have trouble telling their bathrooms apart, but their underwear as well.

Pauley

Bell-Young

The Pit was a fun place to live in '75-'76. Rumor was that Patty Hearst was living on the third floor. Other Bell Young celebrities were Buns and Crazy George Sanger & his oldies band.



faculty and administration

In my judgment this past year has been a good one in all respects. To be sure, we've had our differences in regard to certain tenure decisions, the selection of the Commencement speaker, and a few other matters, but candor and mutual respect have prevailed, just as it has always been very much a part of the Occidental scene.

I trust that in long years to come you will continue to remember the College for what it is and strives to be, as we will remember the Class of 1976 for what it has been and will yet become. You have our confidence and very best wishes in whatever the future may bring and for the future which each of you will make for yourselves.

ASIAN ALLIANCE

CHRISTIAN FELLOWSHIP

Occidental Christian Fellowship meets with the purpose of stimulating, encouraging, and supporting one another in Jesus Christ. This is accomplished through weekly Sharings of Faith, bi-weekly missions awareness meetings, dorm Bible studies, days of seminars, and prayer meetings. Winter term offered a change of pace with the annual OCF retreat, held at Lake Arrowhead.

LINK

Project LINK is one way in which the Occidental Community can maintain contact with the "real" world. Students from Oxy get together with kids from Aliso Village, an East L.A. urban housing project, and go on various outings. Oxy students often carry their devotion to LINK further and exchange letters and phone calls with their kids, or invite them to stay overnight. By providing diversified experiences for the kids of Aliso, Project LINK promotes a positive relationship between Oxy and the Los Angeles Community.

SPEAKERS

"This strange creature man," an observation expressed by Jane Goodall, was a major theme of convocation speakers this year. Such varied topics as man's origins, foreign and domestic policy, the High Sierras, the presidency, comedy and nuclear annihilation, brought students into Thorne Hall.

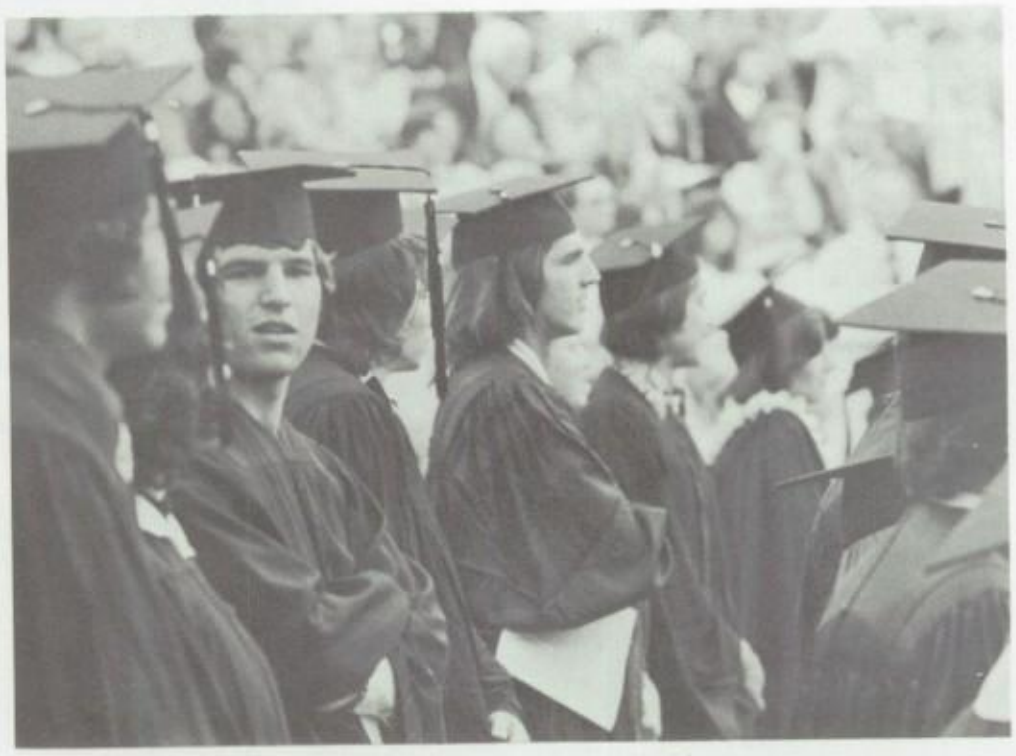
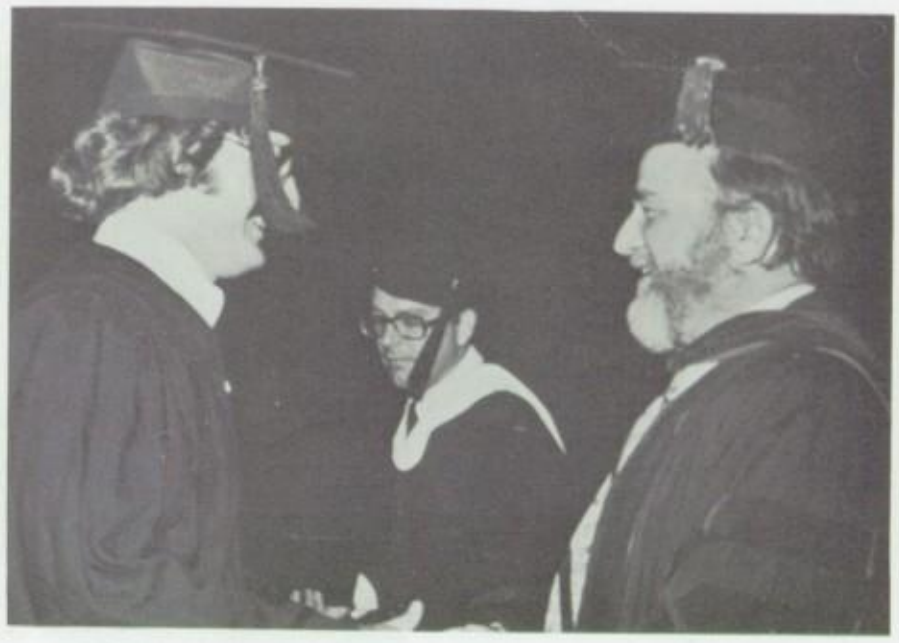
COMMENCEMENT



JUNE 12, 1976



I consider the purpose of a yearbook to be one of representation. The major goal of this book was to show the activities of the 1975-1975 academic year. I hope, and feel, we succeeded to your satisfaction. We also wanted to have this book to you soon after the year began, but some things were beyond our control.

This has been a good year, as we have tried to show. I hope you will appreciate what people have put into this book, and also understand that it would be virtually impossible to not forget something. I would only hope that the strengths of this book outweigh the weaknesses. For me, I can truly say it has been an experience.
